

Power BI Course: The Essentials

A 5 Star Rated course from the
Training experts

Power BI: The Essentials

Get to grips with the essential skills needed to create powerful reports and dashboards in Power BI that will drive informed business decisions.

Introduction

This 1-day Power BI training is tailored for professionals who want to leverage the power of their data to create impactful, visually stunning reports and dashboards.

This course covers all the essential elements of Power BI, from connecting to data sources to designing and sharing dynamic, insightful visualisations and essential financial concepts.

By the end of the course, you'll have the skills and confidence to build your own Power BI reports and dashboards that clearly communicate complex data in a way that's easily understood by both technical and non-technical audiences.

Who would benefit from this course?

This training course is perfect for business professionals, analysts, and managers.

No previous experience of creating Power BI reports is required, but you should be familiar with using Excel and have access to Power BI.

Classroom & Virtual Classroom Courses

We offer this course as a classroom based course and as a live, interactive online course.

Our classroom courses are run in Manchester and as private courses anywhere in the UK.

Our online courses are available for people anywhere in the world with internet access. You will be able to see the trainer, their screen, be able to chat and ask questions.

I just wanted to take the time to let you know how much I and the team have enjoyed your training sessions.

Overall, the trainers we have met have all been really easy to get along with, they're dedicated, have our interests at heart and we would have no hesitation coming back to M Training, should we need you again in the future.
